MESSAGE FROM THE EXECUTIVE DIRECTOR

Reflections and Moving Forward— A Year in Review

When I reflect on 2023, the words that come to mind are rejuvenation and getting back to life. Together, we made it through COVID and have gotten back to life with our families and friends. Over this past year we have seen many smiling faces from people who are attending community activities, and travelling again. I have heard stories from people who have attended Jays Games, Belleville Senators Games, concerts and gone camping with their families. I have also seen pictures from a few people who have been fortunate enough to travel to Disney in Florida this past year. How fortunate are we, to live life to the fullest and enjoy these great experiences with friends and family.

Community Living Belleville and Area has been very busy this past year. We have been working closely with the Ministry of Children, Community and Social Services and other agencies from Hastings & Prince Edward County preparing for “Journey to Belonging”. This is an initiative that will support families and people with individualized supports and be part of creating a system that will address the waiting lists that are large across the province of Ontario. “Journey to Belonging” is still in the planning stage with full implementation in 2027. We will continue to meet with families, people we support and the community to redesign some of the supports that we provide. We strive to support people the way they want and think outside the box. We have a wonderful opportunity to think differently and want to hear what will work best for you. We are presently redesigning our Day Supports and look forward to working with the team to provide new opportunities for people who attend this Fall.

This year, we said goodbye to some people we support, friends and colleagues. We are grateful for the time that we had with you and truly miss each of you.

Staffing remains a challenge, however we are definitely seeing an improvement in this area. If you know someone who is qualified and would enhance our Direct Support Professional teams, please have them connect with us as we would love them to join CLBA.

I would like to say thank you to our Direct Support Professionals, and Leadership team, for the professional support you provide, day in and day out, to people we support and their families. Thank you to the Board of Directors and all our volunteers who strengthen this organization and help us improve our quality of supports.

I am looking forward to seeing everyone this upcoming year and I hope everyone enjoys a wonderful summer filled with cherished moments spent with your loved ones.

Darlene Dale
Executive Director

MESSAGE FROM THE PRESIDENT

On behalf of the Board of Directors, I would like to express our tremendous appreciation for everyone involved with Community Living Belleville and Area. We are all working together everyday to provide the best supports and services for those we serve in our community.

Your Board is a group of volunteers who are here to support the staff and management of CLBA. You are the real heroes of the day who do what it takes, rise to the challenges, give of yourselves, be positive and smile at the end of a hard day. The pay off is the returned smiles, laughter and joy we see in the faces of those that benefit from your hard work.

The ultimate challenge for all, is to recognize that we are all working towards achieving the Mission and Vision of CLBA. Where we envision a community where everyone belongs and all people are valued and respected as participating and contributing members.

Many thanks to all,

Ian Acton

Adult and Senior Services

Another year has passed and it is time to sit back and reflect on all that we have achieved! We have had many opportunities for growth and we continue to learn through the lens of others every single day.

CLBA is proceeding with a Ministry initiative called Journey to Belonging which is focused on a Person-Centered Approach to funding. We are learning to think differently and this change is giving all of us an opportunity to grow. In addition, we are moving forward with the process of becoming Accredited with Focus Accreditation in the future. We have also partnered with Loyalist College in a Pilot Employment project that may provide work for people we are supporting, this is building relationships and confidence!

Our managers have been successfully building skills in our changing roles in leadership. We are actively taking part in conferences that build networks of knowledge and provide us with the latest in technology and trends in our community. We are listening to the needs of our families and finding creative solutions to tailor individualized supports. There is still work to be done in the Developmental Services Sector and we are excited to be a part of making dreams become realities.

Keep up the great work, everyone. We're making amazing progress!

Adult and Senior Services

Community Living Belleville and Area is excited to announce that we've purchased the Mobii interactive projection system. This system empowers users to transform their environment into complete multi-sensory experiences, using gesture-controlled and interactive technology. This system beams images, sounds and music through stunning visual and aural rewards. This system has over 300 applications, ranging from nature interactions to physical agility games, mental stimulation activities to imaginative music content. We have purchased the specialty package "Autism Suite" which includes over 200 applications.

Memberships are available for purchase. If you are interested in a demonstration, or to purchase a membership, please contact Kelly Limin at klimin@clbelleville.ca.

Transition to a Home of Our Own

Community Living Belleville and Area extends appreciation for the ongoing partnership with the Family Action Committee and Quinte Community and Housing First Partnership. We look forward to working together in many future ventures with these valued community partners who share the goal of continuing to provide people with safe, affordable housing.

Child and Family Services

Families First

With the very generous support of United Way again this year, the Families First service supported 30 children, youth and their families. Throughout the year children and youth have come together to participate in several community events and built friendships through our weekly friendship groups. Parents have been able to come together to create social networks within their community through organized events as well as our monthly Parent Group.

The Child and Family Services team continue to support families and their children to medical appointments, school meetings and provide much needed respite. This team worked together to provide camps for children and youth during the summer break, Christmas holidays and March Break! These camps were geared towards children and youth's individual interests with many activities happening in the community.

Community Participation Supports (CPS)

A new activity has started this year at CPS —The Amazing Race!

During the game, they were challenged to bring Gail chocolate, sing some Shania songs to DJ, do the chicken dance for Tim, eat terrible pickles with Lucas, and collect some ducks. The Amazing Race took them all over town! Everyone had a fantastic time and wanted to play again. This will become an annual event as it was so much fun.

Government of Canada's Community Service Recovery Fund

Community Living Belleville and Area was delighted to announce that they received a \$67,000 grant through the Government of Canada's Community Service Recovery Fund.

Thanks to the grant, we successfully launched the Surge Learning Online Training program and provided valuable professional development opportunities for our employees. Additionally, we have improved internet services in some of the remote areas by purchasing more efficient internet service providers and equipment. The grant purchased 19 iPhones with data to bridge the digital divide and ensure equal access to resources and communication.

To enhance virtual meetings, we have acquired several dual monitors and Meeting Owls. Virtual gatherings support CPS Opportunities, Self-Advocates Committee, Human Rights Committee, and other working group meetings. This has also provided over 170 Direct Support Professionals with a workplace email addresses to improve efficiency and communication within our organization.

We extend our gratitude to United Way of Hastings and Prince Edward for their generous support.

VOICES WITH MEANING

Voices with Meaning is an internal Self-Advocates Committee dedicated to empowerment and speaking up. This committee has been meeting for over 15 years.

Over the past year, the committee reviewed results from satisfaction surveys and revised the questions to provide an online format to reach a broader audience. The committee also supported the Community Living Month Celebrations Committee with ideas and insight.

Voices with Meaning discussed the plain language guide for Journey to Belonging, emphasizing the importance of clear and accessible communication in all we do.

Sadly, we mourned the loss of Tanya Prindle a long-time advocate of this committee. She was known as a member who was truly dedicated to speaking her truth regarding equality and pushing for a more accessible community. Tanya's presence and contributions to our committee is truly missed.

The Voices with Meaning Committee happily welcomed Jessica as the new chair.

February is CLBA's Prevention of Abuse and Neglect Awareness Month. Matt Richardson, senior advisor with Anti-Human Trafficking Intelligence, spoke to our Self-Advocates about social media safety and the importance of talking to trusted friends, family, or support staff if faced with persistent strangers.

Voices with Meaning continues to thrive with an approach to advocacy and a commitment to our values.

PEOPLE TRULY MISSED

Michelle ~ September 8, 1972 — December 1, 2023

Michelle was the bright light when you walked in to a room. Her smile and contagious giggle instantly made your heart happy, no matter what. She could always brighten up a gloomy day and make you laugh with her silly antics. Her love for her family and friends, music, dancing and adventures will be something that no one will forget. We will miss the way she would ask for a kiss goodnight, not taking no for an answer. She was sunshine on everybody's cloudy day.

Submitted by: Melissa Rae

Tanya ~ August 21, 1981 — January 24, 2024

Tanya was a remarkable woman, a loving daughter, a dear sister and a loyal friend. Tanya had a passion for advocating for what she believed in, she was a member of Quinte Speaks Up, Voices with Meaning and Friendship Group. Her legacy will live on through the many people she opened her heart to, her support staff who she inspired, and the family and friends who loved her dearly. Tanya had a gentle soul who cared deeply about those around her, she was always happy to give a listening ear or to help a friend in need. Tanya was an incredible person who made a lasting impact on the world around her and who touched the lives of many people. We will always remember her big heart, beautiful smile and unwavering determination.

CLBA STAFF and VOLUNTEERS

On November 22, 2023, the Focus Accreditation orientation day took place, where members from various departments were invited to participate. This included Self-Advocates, Volunteers, Board Members, Leadership, Management and Direct Support Professionals.

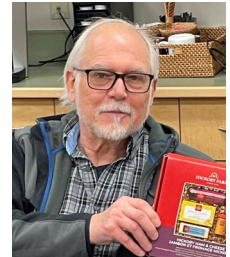

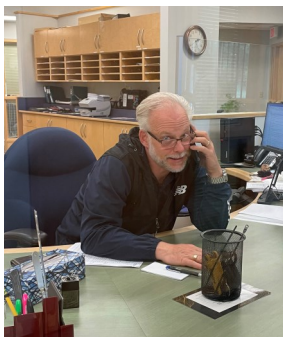

During the event, Cheryl Whiteman, from Focus Accreditation emphasized the values and significance of being accredited. The goal was to enhance understanding of the different domains and standards, enabling the Board Members and the entire organization to provide the best individualized supports and services.

Volunteers play a critical role in the success of CLBA; contributing their time, skills, and dedication to the organization. Whether directly supporting people or serving on the Board of Directors, Rights Committee, or Continuous Quality Improvement Committee, volunteers are very important part of CLBA.

Their commitment and passion ensure that CLBA can fulfill its mission of providing exceptional support and services. The invaluable contributions of volunteers not only enrich the lives of people but also strengthen the overall impact and effectiveness of CLBA in the community. Their selflessness and dedication deserve recognition and serve as a testament to the importance of their role within the organization.
